**ESPRESSO** 2426

Cleaf è un'azienda italiana che produce superfici e soluzioni innovative per il settore dell'arredo e dell'interior design. Pannelli nobilitati, laminati e bordi interamente sviluppati all'interno dei siti produttivi in Brianza e installati in tutto il mondo da architetti e aziende per creare spazi stimolanti in cui vivere e lavorare.

Cleaf is an Italian company producing innovative surfaces and solutions for the furniture and interior design industries. Faced panels, laminates and edges exclusively manufactured at production sites in Brianza are installed worldwide by architects and companies building inspirational spaces for living and working.

## ESPRESSO2426

L'Espresso è un servizio di scorte per i rivenditori ufficiali Cleaf. Una selezione di prodotti della collezione sempre disponibile e ordinabile in pacchi o singoli articoli, esclusivamente online.

The Espresso is a stock service for Cleaf official dealers. A selection of products from the collection always available that can be ordered in bundles or single products, exclusively online.

## THE COLLECTION

La collezione Espresso 2426 di Cleaf evidenzia l'innovativa ricerca estetica e tattile sulle superfici. 120 prodotti sviluppati in 27 finiture, disponibili come pannello nobilitato, laminato e bordo, e ordinabili in pacchi o singoli articoli dai rivenditori ufficiali Cleaf. Effetti legno, metallo, pietra, tessuto per dare vita ad ambienti in cui vivere e lavorare. Dagli ambienti retail a quelli dell'ospitalità, dagli spazi di lavoro agli interni domestici. Differenti scale e tipologie di progetti di interior in cui gli architetti sono chiamati a sviluppare esperienze uniche, anche combinando colori e finiture.

The Espresso 2426 collection by Cleaf highlights the innovative aesthetic and tactile research on surfaces. 120 products developed in 27 textures, available as faced panel, laminate and edge, that can be ordered in bundles or single products by Cleaf's official dealers. Wood, metal, stone, fabric effects to give life to environments for living and working. From retail to hospitality environments, from work spaces to home interiors. Different scales and types of interior projects in which architects are called to develop unique experiences, also mixing colours and textures.

Ispirata alle murature urbane tipiche delle architetture industriali, la finitura Ares riproduce l'essenzialità e la profondità di una parete in calcestruzzo o intonaco spatolato.

Inspired by the urban brickwork that characterises industrial architecture, the Ares texture reflects the simplicity and depth of a concrete wall or trowelled plaster.

La ristrutturazione di un hotel per famiglie in Costa Brava ha visto una trasformazione in cui comfort, sostenibilità e un servizio personalizzato sono il centro della sua nuova proposta. Nella lobby principale c'è un equilibrio estetico tra funzionalità e bellezza con la combinazione di effetto cemento della finitura Ares e legno.

The renovation of a family hotel in Costa Brava, has seen a transformation where comfort, sustainability and personalized service are its great value proposition. In the main lobby there's an aesthetic balance between functionality and beauty with the combination of the concrete effect of Ares texture and real wood.

BRUCIATO S171

BRUCIATO U129 — PANNELLO INTERO 2800X2070 MM

Shou Sugi Ban è l'antica tecnica giapponese di bruciare il legno per conservarlo nel tempo. La finitura Bruciato è la rappresentazione di questo effetto su un'essenza frassino.

Shou Sugi Ban is the ancient Japanese technique of burning wood to preserve it over time. The Bruciato texture is the representation of this effect on an ash essence.

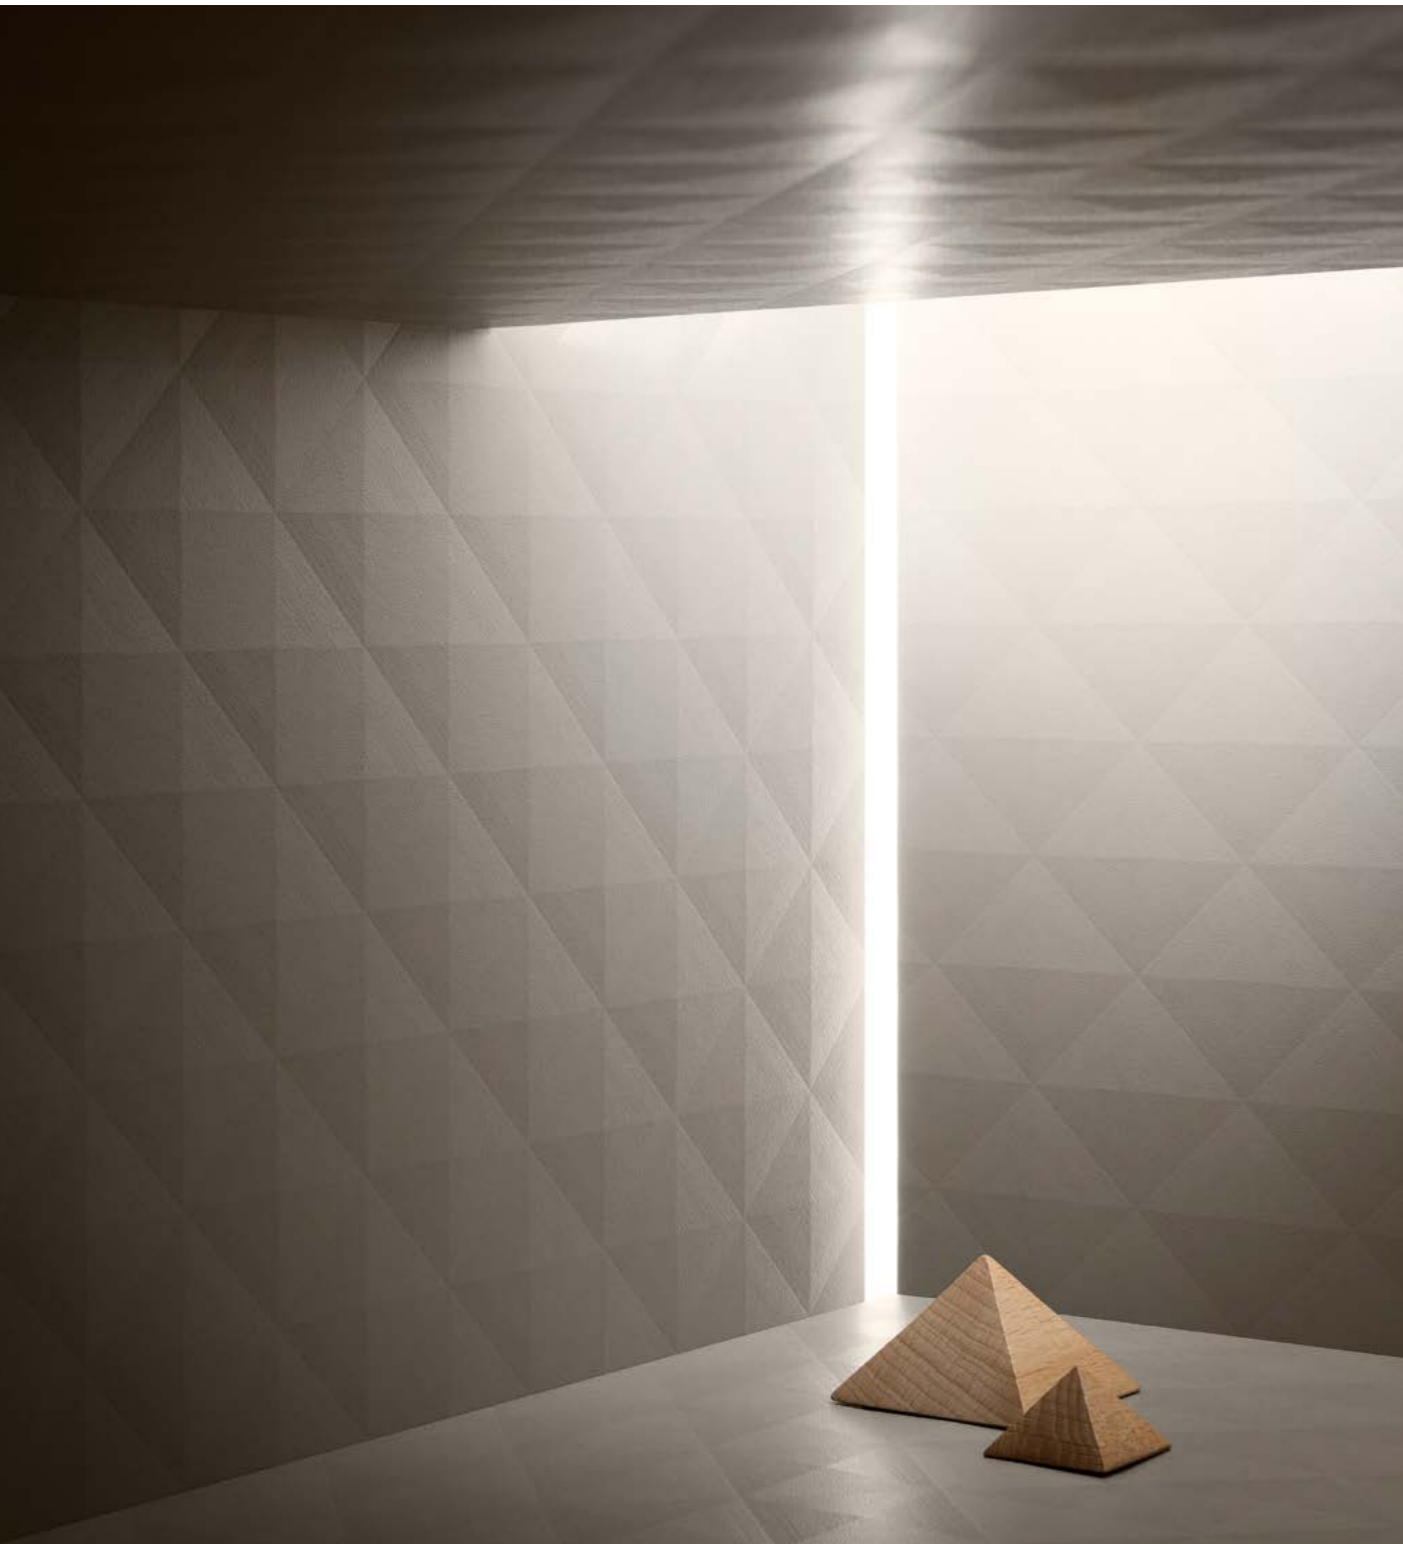

Il punto dorato, che corre lungo la parete e il soffitto, crea due curve geometricamente perfette dando l'impressione che la boutique di gioielli sia perfettamente divisa in due metà uguali. L'effetto carbonizzato della finitura Bruciato scelto per le pareti è in contrasto con il bancone per visionare i gioielli in legno di noce invecchiato.

The golden dot, which runs along the wall and ceiling, creates two geometrically perfect curves giving the impression that the jewelry boutique is perfectly divided into two equal halves. The “burnt wood” effect of the Bruciato texture chosen for the walls contrasts with the aged walnut wood of the jewellery counter.

JIOMETORI S191 — PANNELLO INTERO 2800X2070 MM

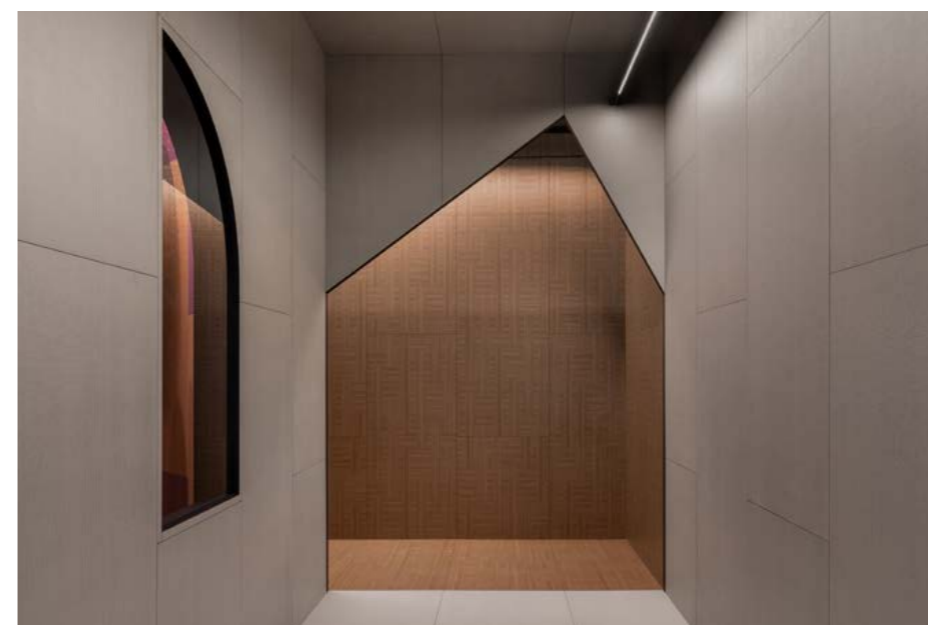

Jiometori è una finitura  
dalla composizione geometrica  
che si ispira alle linee della  
tomba Brion di Carlo Scarpa.

Jiometori is a texture with  
a geometrical composition  
inspired by Carlo Scarpa's  
Brion tomb.

Lo stand-installazione Cleaf Club al Salone del Mobile. Milano 2022 unisce le emozioni tattili e visive delle superfici. Il secondo corridoio che porta alla pista da ballo è dedicato all'effetto legno con la presenza della texture Jiometori in versione sincronizzata.

The Cleaf Club stand-installation at Salone del Mobile. Milano 2022 combines both the tactile and visual emotions of surfaces. The second corridor leading to the dancefloor is dedicated to the wood effect with the presence of Jiometori texture in a synchronized version.

MILLENNIUM U129

MILLENNIUM S087 — PANNELLO INTERO 2800X2070 MM

La finitura Millennium riproduce l'estrema levigatezza e omogeneità della composizione dell'abete rosso. La sua evidente fiammatura crea intriganti effetti visivi grazie a una successione di livelli opachi e lucidi.

The Millennium texture reproduces the extremely smooth and uniform composition of red pine. Its flaming look creates beautiful visual effects through alternating levels of matt and gloss.

Poiché l'appartamento si trova in un edificio esistente, la ristrutturazione si è basata sul vecchio layout. La più grande modifica costruttiva è stata l'apertura del soggiorno mediante una porta scorrevole in vetro con telaio in metallo che non oscura il corridoio. All'interno prevale il colore bianco per ampliare la percezione degli spazi. Millennium S083 con il suo aspetto naturale e con la sua struttura profonda si inserisce perfettamente arricchendo le superfici bianche opache.

As the apartment is in an existing building, the renovation was based on the old layout. The biggest construction change was the opening of the living room with a glass sliding door with a metal frame that doesn't make the corridor dark. The interior is dominated by whiteness to enlarge the perception of the spaces. Millennium S083 with its natural appearance and deep structure fits perfectly into the interior enriching the white matt surfaces with a twist.

OKOBO S162

OKOBO S158 — PANNELLO INTERO 2800X2070 MM

Il legno Paulownia è usato per la produzione degli okobo, i tradizionali sandali giapponesi indossati dalle maiko, le apprendiste geisha. La finitura Okobo ha un aspetto attraente per la regolarità della fibra.

Paulownia wood is used for the production of okobo, the traditional Japanese sandals worn by maiko, the apprentice geisha. The Okobo texture has an attractive appearance due to the regularity of the fiber.

La casa sviluppa un rapporto dialettico tra spazi interni ed esterni. Domina un mood total white che fa da cornice neutra alla vista del mare e della baia di Elounda. I materiali e i colori opachi della terra emergono con un tocco delicato tramite i mobili, l'illuminazione e le decorazioni. Tra questi Okobo S160, con il suo aspetto naturale e caldo del legno di Paulownia, è stato utilizzato per la cucina su misura.

The house develops a dialectical relation between indoor and outdoor spaces. A total white mood dominates and serves as a neutral frame for the view of the sea and the bay of Elounda. Materials and earthy matt colors emerge with a delicate touch into selected elements of furniture, lighting and decoration. Among these the Okobo S160, with its natural and warm look of the Paulownia wood, is used for the bespoke kitchen.

Piombo è una superficie opaca per l'arredo e l'interior design. L'impiego di innovative resine acriliche, applicate mediante il processo Electron Beam Curing, permette infatti a Piombo di avere una bassa riflessione della luce - indice del livello di opacità - e allo stesso tempo di essere anti impronta, morbido al tatto e altamente resistente al graffio.

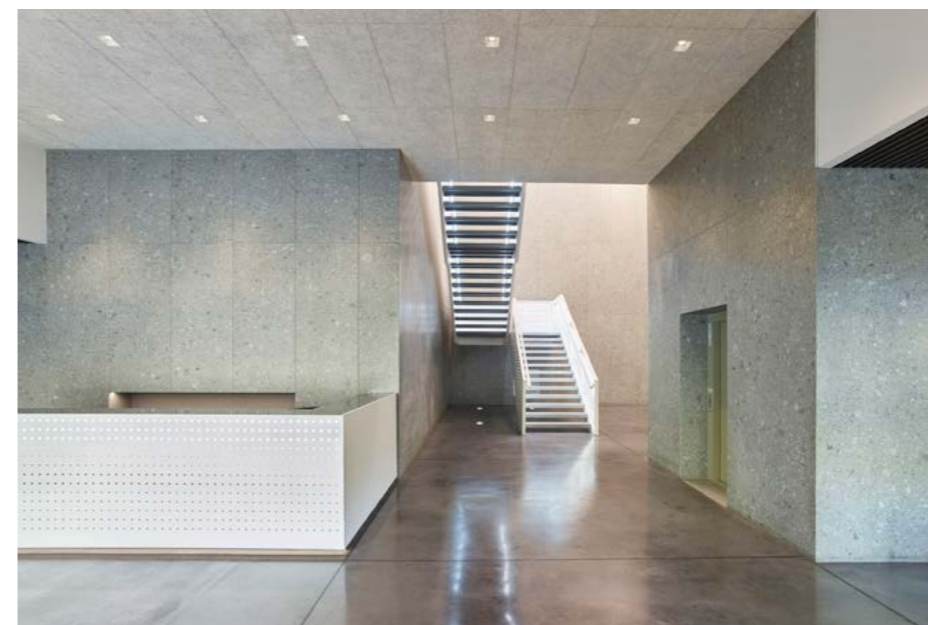

Piombo is a matt surface for furniture and interior design. Innovative acrylic resins, applied using Electron Beam Curing, mean that Piombo reflects very little light - hence the opacity - while at the same making it anti-fingerprint, soft to the touch and highly resistant to scratches.

Il progetto prevede la trasformazione di un edificio produttivo in un complesso polifunzionale. Materiali e colori rimandano all'origine industriale del complesso. La reception e il bancone bar sono realizzati con Piombo HM00 in abbinamento al vetro nero.

The project involves the transformation of a production building in a multi-functional complex. Materials and colors refer to the industrial origin of the complex. The reception and the bar counter are made with Piombo HM00, in combination with black glass.

# Porro Noce

PORO NOCE LS47

PORO NOCE LS53

PORO NOCE LS54

La finitura Porro Noce riproduce il legno del noce, un albero considerato simbolo di fertilità. I pori sono disposti in modo diffuso e sono ben riconoscibili a occhio nudo.

The Porro Noce texture reproduces the wood of walnut, a tree considered a symbol of fertility. The pores are spread in a diffuse way and are easily recognizable to the naked eye.

Il progetto di trasformazione degli spazi pubblici coniuga tradizione mediterranea con il design contemporaneo più cosmopolita attraverso un incrocio di materiali. Sulle pareti diversi accenti di colori ed effetti tattili: tufo, piastrelle, metallo, calcite blu, marmo, pietra e superfici effetto legno. Poro Noce LS13, applicato attraverso forme geometriche sulla boiserie e sui mobili dona sia una sensazione artigianale sia un tocco contemporaneo.

The project for the transformation of the public areas combines the Mediterranean tradition with the most cosmopolitan contemporary design through a crossover of materials. On the walls there are different accents of colours and tactile effects by tuff, tiles, metal, blue calcite marble, stone and wooden effect surfaces. Poro Noce LS13, applied through geometric shapes on the boiserie and bespoke furniture, gives both a traditional handcrafted feeling and a contemporary twist.

La finitura Primofiore prende spunto dalla trama della pelle. La morbidezza e la "setosità" la rendono particolarmente coinvolgente, sia dal punto di vista emozionale che estetico.

Primofiore texture is inspired by the weave of leather. Its softness and "silkeness" make it particularly fascinating, both emotionally and aesthetically.

L'ispirazione per il design degli interni della clinica Voronoi, situata in un emblematico edificio neoclassico di Atene, è stato il diagramma di Voronoi, un modello matematico di dividere lo spazio in una serie di aree. Primofiore UB02 è stato scelto come superficie dominante per sprigionare elegante classicismo unito al misticismo delle atmosfere blu notte.

The inspiration for the interior design of the Voronoi clinic, located in an emblematic neoclassic building in Athens, was Voronoi diagram, a mathematical way of dividing space into a number of regions. Primofiore UB02 Blue Night was chosen as dominant surface to emit the elements of elegant classicism blended with the mysticism of midnight blue atmospheres.

La finitura Riga si ispira alle linee parallele che si trovano in architettura e in natura. L'alternanza del passo negativo e positivo esprime tridimensionalità, il poro appena accennato un aspetto classico.

Riga texture is inspired by the parallel lines found in architecture and nature. The alternation of the negative and positive pace expresses three-dimensionality, the pore just hinted gives a classic look.

Le quattordici VIP suite sono state pensate per vivere gli eventi sportivi all'insegna della privacy e dell'esclusività. L'obiettivo del progettista era quello di creare uno spazio moderno e accogliente con l'uso di effetti selezionati che ricordano i materiali da costruzione dell'antica Grecia: legno, pietra e metallo. Per le pareti è stato scelto l'effetto legno di Riga LR71, Concreta FC69 come effetto pietra per la consolle divisoria e Reflex FB63 effetto metallo per gli armadi.

The 14 VIP suites have been designed to experience sport events in the name of privacy and exclusivity. The aim of the interior design was to create a cosy modern space with the use of selected effects that remind the building materials of ancient Greece: wood, stone and metal. Riga LR71 was chosen for the walls, Concreta FC69 for the dividing console and Reflex FB63 for the cabinets.

L'effetto spazzolatura della finitura Sablè è tipico delle essenze lignee lavorate da abili mani artigiane.

The brushed effect of the Sablè texture is characteristic of handcrafted wood essences.

L'idea portante della composizione architettonica risiede nella separazione morfologica tra gli spazi comuni, che appaiono trasparenti, e quelli più privati, adagiati sopra, racchiusi in volumi chiusi e protetti. Distribuito sui mobili su misura, cucina e pareti Sablè LR28 definisce gli spazi interni con la sua eleganza senza tempo.

The architectural composition's main idea resides in its morphological separation between the common spaces, which appear transparent, and the most private ones, laying on top, encased in closed and protected volumes. Spread over bespoke furniture, kitchen and walls Sablè LR28 defines the interior spaces with its timeless elegance.

Yosemite riproduce l'effetto tattile e visivo del mitico pino silvestre e rappresenta la prima finitura sincronizzata di Cleaf. I riflessi della luce mettono in risalto la profondità delle sue venature.

Yosemite reproduces the tactile and visual effect of the legendary Scots pine and represents the first synchronized texture by Cleaf. Light reflections emphasize the depth of its grains.

Il Banema Studio concept store è allo stesso tempo sofisticato e accogliente, con una ricca collezione di libri, profumi, illuminazione e mobili moderni. Sviluppato su un unico piano è definito da un'installazione realizzata con Yosemite UB44.

The Banema Studio concept store is both sophisticated and welcoming, with a well heeled collection of books, fragrance, lighting and modern furniture. Spread over a single floor, the space's interior is defined by an unexpected installation made of Yosemite UB44.
